### EXPERIENCE

Internship in Web Technology at Mega Mind Computing Solutions.

### SOFTWARE SKILLS

JAVA (Advanced)

SQL

HTML, CSS Bootstrap JavaScript

Data Structures

Cyber Safety

### EDUCATION

#### BCA

UNIVERCITY OF MADRAS

2020-2023

I have completed my Bachelor's degree with a 6.5 CGPA in Computer Applications.

#### Higher Secondary

SAOHSS - State Board

2020

I have completed my Higher Secondary with 57.1%.

### Objective

As a recent graduate in Computer Applications, I am eager to kickstart my career as a Developer. Possessing a solid understanding of Java fundamentals acquired through coursework and academic projects, I am enthusiastic about contributing my skills to a dynamic development team. Seeking an entry-level position to gain practical experience, enhance my programming abilities, and actively contribute to innovative projects.

### TECHNICAL SKILLS

Programming Languages Known : JAVA, SQL

Database System : MySQL

Web designing languages : HTML, CSS, JavaScript(Basics)  
Bootstrap.

Operating Systems : Windows, LINUX.

### TECHNICAL KNOWLEDGE

#### JAVA

2023

QSPIDERS

Proficient in Java with a strong grasp of object-oriented programming and a knack for developing scalable and efficient applications.

#### SQL

2023

QSPIDERS

For querying the data present in the database, creating tables, views and applying complex functions to data and have practical knowledge of using sub-queries.

#### WEB TECHNOLOGY

2023

QSPIDERS

Well-versed in web technologies, adept at front-end development using HTML, CSS, and JavaScript, and experienced in creating dynamic and responsive web applications.

#### CYBER SAFETY

2021

Team Everest

Completed a Cyber Safety course, enhancing my knowledge in cybersecurity fundamentals, threat detection, and risk management, and gaining skills to contribute to robust digital security practices.

# PROJECT

## ONLINE SHOPPING SYSTEM(E-SHOP)

- Project work titled "ONLINE SHOPPING SYSTEM(E-SHOP)" is a Dynamic web page. This web page is designed using HTML, CSS, JavaScript, PHP, and Laravel applications.
- As a team of 3 members on a college project, collaborated with classmates to successfully design and implement a dynamic and responsive website, showcasing effective teamwork, communication, and collective problem-solving skills.
- I was in charge of the Frontend for this project.
- This is a mini project that I have submitted to the University of Madras in partial fulfillment of the requirement for the degree of Bachelor of Computer Applications.

## AREA OF INTEREST

---

- Java development
- Web development
- Android app development

## PERSONAL SKILLS

---

- Communication Skill
- Flexibility and adaptability in a team environment
- Focused and Dedicated
- Collaboration

## STRENGTHS

---

- Leadership
- Social responsibility
- Punctuality
- Self-confidence
- Teamwork
- Active listening

## NON-TECHNICAL SKILLS

### POSITIONS OF RESPONSIBILITY

---

In both high school and college, I have been a member in **National Service Scheme (NSS)** and **Rotaract Club**. During that time, I performed a lot of social service work.

### EXTRACURRICULAR

---

- Karate (National Level)
